

## A Brighter Tomorrow Poster Fact Sheet

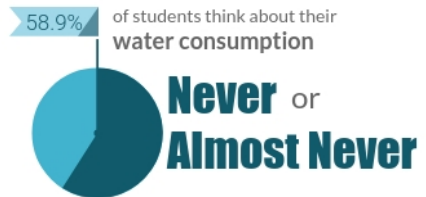

Who should be targeted?

Dorm students were consistently behaving the least sustainably, followed by apartments, than cottages.

Students suggestions to **encourage recycling on campus**

1. More recycling cans on campus and in dorms
  - Providing a trash can in dorms so that the recycling bin can be used for recycling
2. More convenient/visible recycling cans
3. Education and awareness
  - Laminated posters and flyers
4. Teach about single stream recycling
  - Posters and flyers

Student suggestions to **encourage reducing water and energy consumption**

1. Educate
  - Posters, flyers, and tip sheets posted near high consumption areas (showers, light switches)
  - About low flow fixtures
2. Make them aware of how much their using (monitor)
  - Competitions and/or incentives
3. Having shower timers that students can chose to set
  - Timers or a light
4. Automatic lights and sinks
